

OFF-SEASON MISSION: CONSENT FORM

FIRST® LEGO® League Explore

Consent and release: production and publishing

Dear parents or legal guardians, dear participants,

to take part in the Explore Off-season Mission 2020/21 of the FIRST LEGO League, it is necessary for the teams to produce pictures of drawings and LEGO creations. These pictures will be transmitted to the organizer HANDS on TECHNOLOGY e.V. and will be published online. We will not collect any data and do not intent to forward them. Furthermore the produced pictures will not include any personal data like faces. They just show drawings and LEGO creations regarding the Off-Season theme.

For this, we would like to ask for your consent as follows:

We agree that the recordings containing drawings and/or LEGO creations of my child _____ will be sent to HANDS on TECHNOLOGY e. V. for participation in the Off-Season Mission and will be viewed there and subsequently posted online.

We can revoke this consent at any time by sending an e-mail to: info@hands-on-technology.org. A cancellation, however, leads to the exclusion from the competition.

Name of the 1st legal guardian: _____

Name of the 2nd legal guardian: _____
