

PELO FUTURO DO TRABALHO

SESI FIRST® LEGO® League International Open Brazil

Created on July 1, 1946, the Social Service of Industry (SESI) is an institution that works with companies to improve quality of education and to elevate the level of schooling of Brazilians. It also helps create safe and healthy work environments as well as seeks to increase the quality of life of the worker.

In Brazil, the National Department of Social Service of Industry – SESI is the institution responsible for the official operation of the FIRST LEGO LEAGUE - FLL since 2013.

Rio de Janeiro receives title of World Architecture Capital by UNESCO

The city of Rio de Janeiro, Brazil, is the first World Capital of Architecture. The title was presented to the United Nations Educational, Scientific and Cultural Organization (UNESCO) on January, in Paris.

It is the first time a city has received this designation - created last year in partnership between UNESCO and the International Union of Architects (UIA).

In 2012, UNESCO had already granted Rio the title of world cultural heritage in the urban landscape category. With this new designation, Rio is responsible for organizing the World Congress of the International Union of Architects next year, between July 19 and 26, 2020.

In this sense, we believe that the choice of Rio de Janeiro to host SESI FIRST LEGO League International Open Brazil, with CITY SHAPER season is quite compliant.

Dates: Tentative dates 12 to 14 of June, 2020.

Venue: Rio de Janeiro, Pier Mauá
Av. Rodrigues Alves, 10 - Praça Mauá, Rio de Janeiro - RJ, 20081-250
